

NO SKIDDING[®] ANTI-SLIP GRIT TAPE Safe and Reliable

A range of versatile and durable tapes and safety stickers

For over 20 years, No Skidding[®] have been supplying a range of anti-slip grit tapes designed to enhance safety in a variety of applications. Designed to be versatile and durable, these products use a strong contact adhesive which has excellent bonding to clean, sound surfaces with good instant grip.

GRIT TAPE DURABILITY

These grit tapes are manufactured using embedded grit technology to provide extended wear under the harshest of conditions. The grit is made of a 60 or 80 grit formulation which is proven for its hard-wearing nature. The finished product is resistant to water, oil and many other chemicals.

GRIT TAPE VERSATILITY

No Skidding[®] grit tapes can be using in a variety of applications where reliable grip is needed for safely purposes. These may include: ramps, dock areas, walkways, stairways, work areas, construction machinery, industrial equipment, trucks & trailers, motor homes, hazardous floors, boat decks, and jet skis.

GRIT TAPE DESIGNS

Birrus can supply No Skidding[®] grit tapes in a range of sizes, from small 50mm width rolls for edges and strips, to large 1219mm wide rolls to cover big surface areas. We can also offer a range of colours to fit with your environment and requirements. These include standard black, grey and yellow tapes as well as yellow/black striped and clear tapes. Photoluminescent grit tapes are also available. These tapes absorb and store energy from artificial or natural light. When the tape is charged it becomes immediately visible in the event of a blackout. For specific warnings, grit tape "Caution" and "Watch Your Step" stickers are also available.

NO SKIDDING® ANTI-SLIP GRIT TAPES

BIRRUS AND NO SKIDDING®

BIRRUS is partnering with No Skidding® to bring these anti-slip grit tapes to Australia. No Skidding® has a proud history of producing high quality and durable grit tapes for use in a variety of applications and are recognised as one of the best in the business. Now Australians can source these products locally. No Skidding® grit tapes are easy to install, just peel off the protective backing and place into position with firm pressure.

ABOUT BIRRUS

For over 60 years, Birrus has been trusted in Australia for products that are both beautiful and durable. We have maintained our market leadership by moving with the times, using the latest materials and design innovations to remain your first choice for matting and anti-slip surface systems. Our products are sourced from proven manufacturers or made by Birrus themselves. As a company, Birrus has also implemented a number of measures to minimise our carbon footprint, initiated recycling procedures and gained environmental accreditation.
